

JERSEY HORSE DRIVING SOCIETY

It was double victory for Jersey in the Inter Insular skilled driving competition against Guernsey senior and junior teams on 29th May. The ponies provided by the Jersey members were driven by both teams to a challenging course.

A practice event was held prior to the main event resulting in first places for Emma Le Marquand driving Pip in the seniors and Kieran O'Connor driving Hermes in the juniors. They both continued with their success to win their respective Inter Insular classes.

In August a return event will be hosted by Guernsey when it will be the Jersey team members turn to drive horses and ponies that they are not familiar with.

RESULTS:
