

The Best Decorated Harness and Breezing Competitions were recently held in Trinity. Although there are not now many heavy horses in the society, the turnout of three horses in the decorated harness is always a joy to see and this time the winner was Samares Manor's aged cart horse Percy who is now retired from driving events but a special effort was made for him to compete as members want to keep the old traditions going as long as possible. Second and third places went to the Viberts horses Ben and Jester. For the breezing (shallow ploughing) only two horses took part. Normandy cob Piccolo belonging to Paul Le Miere and assisted by Peter White in the Novice class and in the Open class Ben with owner John Vibert on the plough and assisted by David Gallichan. The judge Brian Raffray remarked that quality was better than quantity when he explained to those watching how a good furrow should be ploughed.
